* with 48K

Celebrate The Season With JingleDisk™

With JingleDisk you're sure to have a jolly season.

All you need is Jingle Disk, your PC and printer, a little Hi Tech Expressions Holiday PrinterPaper and you'll create unique, personalized greeting cards even Santa won't forget!

And when you're making your list, a personalized JingleDisk is the answer for relatives, friends, and teachers. After the cards are out and the gifts are given, just boot up your computer, turn on the sound, and let JingleDisk entertain with Yuletide favorites and vivid animations.

JingleDisk, the perfect holiday helper!

Just Look What You Can Make...

Print out a full page graphic and personalize it with your own message.

Print out a folded card with a graphic on the front and your own personalized greeting inside.

...And How You'll Be Entertained!

Watch the Yuletide story unfold on your computer, entertaining your family and friends with seasonal carols and vivid animations.
